Search and  
selection by  
geolocation

Simple purchases and  
secure payment in a  
couple of clicks

Receive and use bonuses  
directly from your GSH  
wallet

Displaying  
changes in your  
referral structure

**GLOBAL SYNERGY  
HOLDING**

## Benefits of the GSH app

Unlike entertainment social networks and services for ordering pizza or taxi, the GSH app is a complete add-on to your smartphone. Now you have your own financial management console - from safe and profitable purchases to using bonuses from your savings account on the platform.

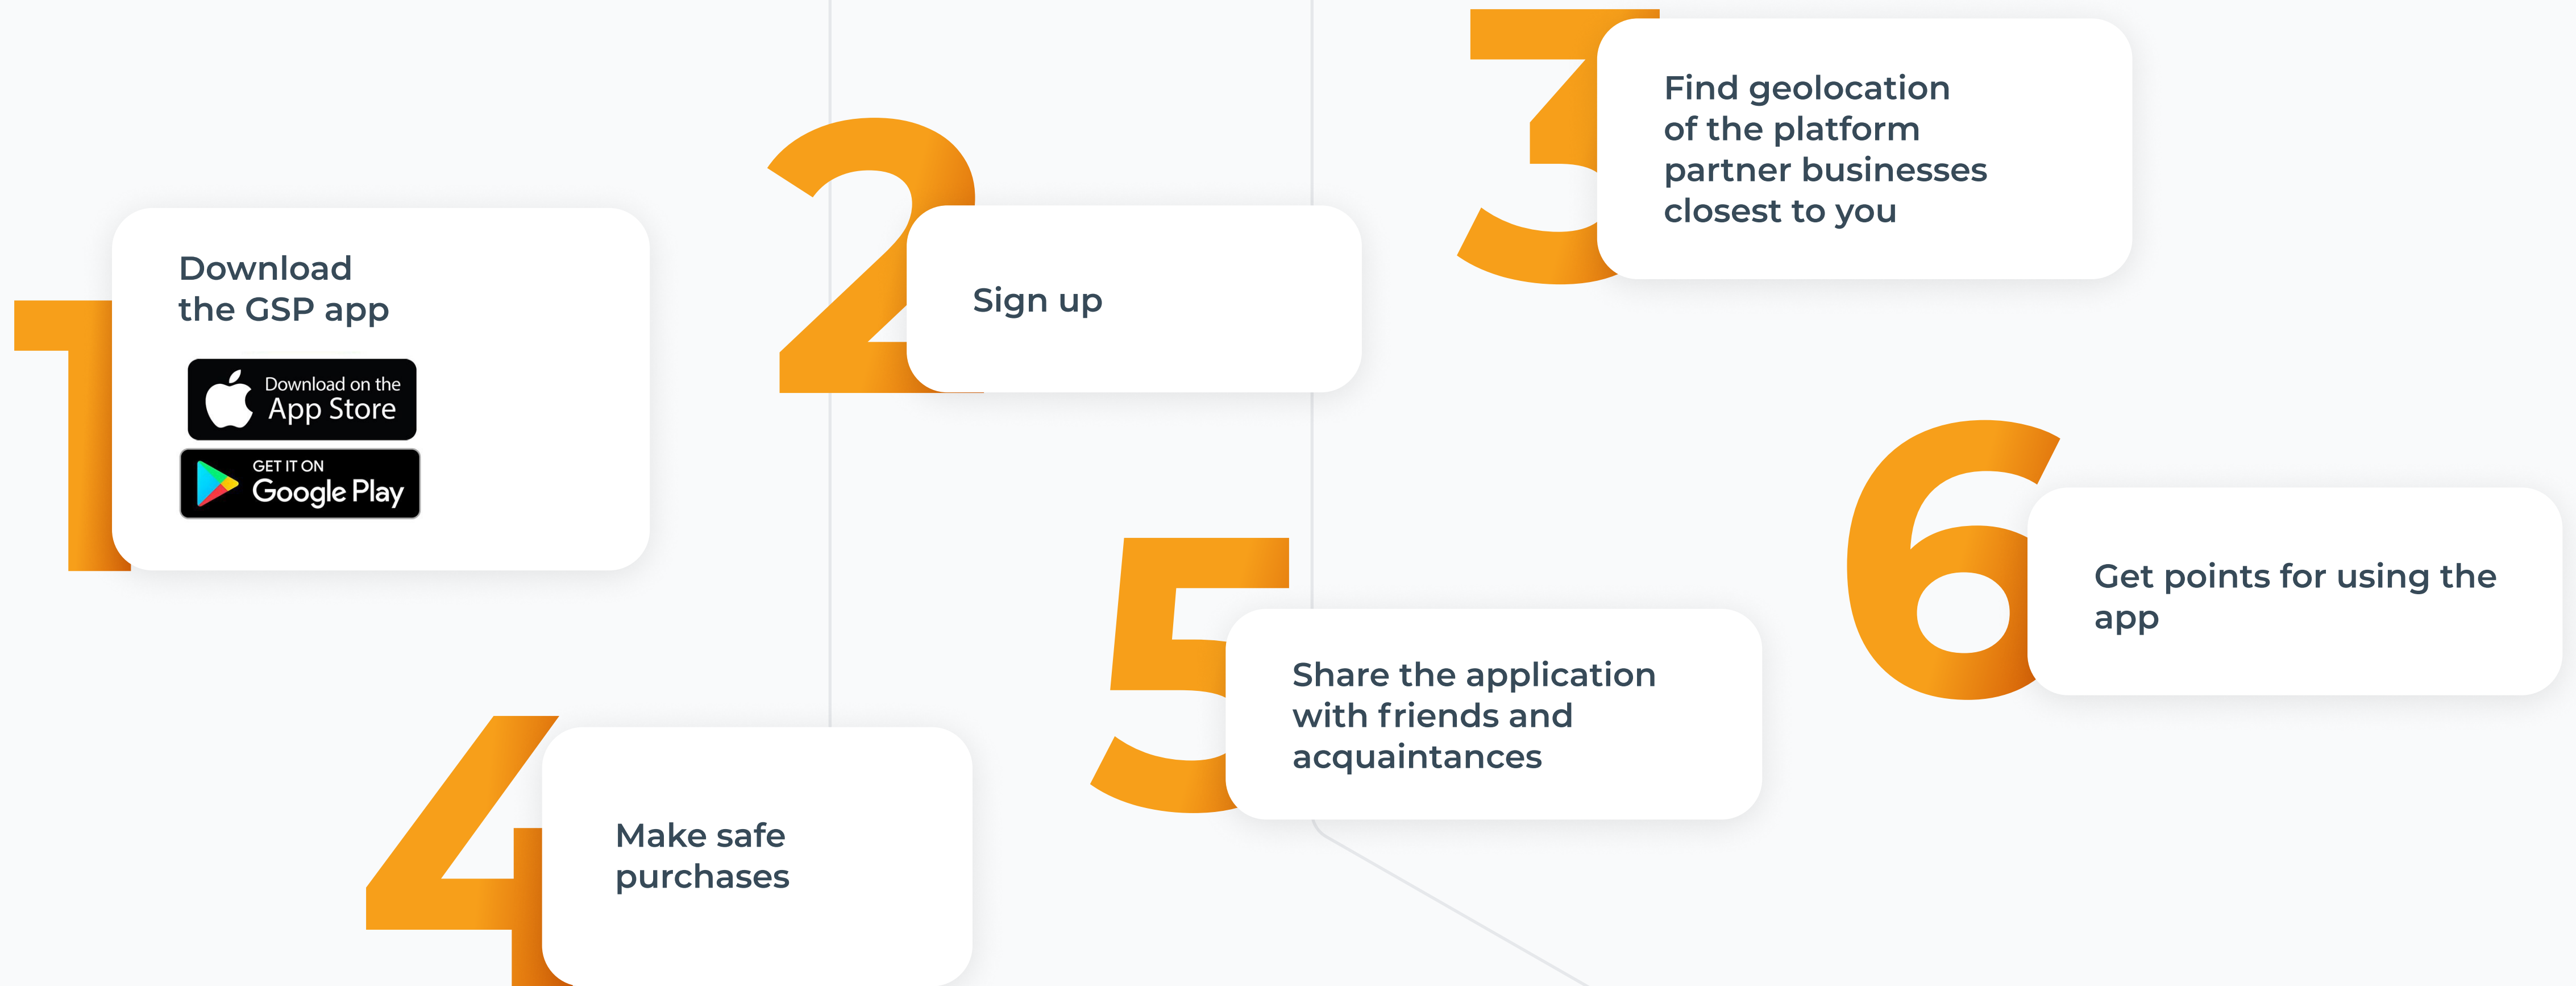

You can also create and track your own user structure of the GSH application receiving a reward percentage from the license turnover with a possibility to withdraw funds directly to your wallet or a bank card.
